RENEWAL OR APPLICATION FOR NEW MEMBERSHIP

Why you should be a member

The league is an organization composed of: Masters, Journeypersons, Apprentices, Labor (Union and Non-Union), Electrical Inspectors, Government Officials, Electrical Utilities, Electrical Engineers, Designers, Communication Technicians, etc. In other words, leaders and persons interested in providing skilled, competent, knowledgeable people that provide public safety and want to enhance the electrical trade.

We are able, with large membership, to influence legislation and other issues. We can provide input and feedback on the National Electrical Code and Safety features to protect the public and the workers. We have new ideas, concepts, and innovations on new and different products. Members receive informative news and notes at least three times a year. We also have a terrific website loaded with all kinds of information. The League also offers additional reasonably priced seminars and courses to achieve continuing education for license renewals. There is also an opportunity to attend an annual shrimp feast for fellowship and fun. If you aren't a member, please join us!

ALL OF THIS FOR ONLY \$35 PER YEAR FOR MEMBERSHIP
